

Women's Intercollegiate Sports Endowment and Resource (WISER) is a newly created fund dedicated to supporting women's varsity athletics at Yale University. The fund will be used to enhance the quality of training and competition for athletes across all women's sports as well as to enhance opportunity and development for coaches. In the spirit of Yale's tradition of educating future leaders, resources from this endowment will also be used to cultivate post-graduate connections between women athletes and alumnae. WISER is the first general athletic endowment established by former Yale athletes. It's members chose the endowment as a means of showing their continuing passion for women's athletics, and for propelling their legacy. Please unite with us and make a Leadership gift.
