What is Hey! Zeus!?

Hey! Zeus! is the Yale College Journal of Antiquity. We exist to foster scholarship in the classics by providing a forum for publication of undergraduate writings. Additionally, we seek to illustrate career options available after studying classics through the example of alumni.

We publish every semester, and issues are distributed on campus and mailed to classics alumni. Past issues are available in the classics library in Phelps Hall.

You can also find Hey! Zeus! on the web: www.yale.edu/heyzeus

How to submit your work

We accept undergraduate papers on classical history, art history, languages and literature. The submission of original translations and creative writing is also encouraged. All submissions should be sent via e-mail to julie.swerdlow@yale.edu. The deadline for Spring 2005 is February 11, 2005.
