The 2009 Senior Class Gift

The **Yale Alumni Fund** is the annual giving vehicle through which Yale seniors, alumni, and parents can donate flexible funds for the University's current use, providing critical funding for all of Yale's core priorities. Founded in 1890, the Alumni Fund is the oldest and one of the most successful annual giving programs in the country.

Your Senior Class Gift to the Alumni Fund may be designated to any of the following six categories:

■ **Unrestricted Current Use:** Gifts with no restrictions are applied where the dollars are needed most. The fluidity of unrestricted funds benefits the budget of most departments throughout Yale and allows the

University to embrace evolving ideas, programming, and technology.

■ **Facilities Renovation, including New Residential Colleges:** The support of donors allows for the construction, renovation, and maintenance of Yale's world-renowned campus.

■ **Faculty Support and Curriculum Development:** Gifts designated toward academic excellence support the faculty, as well as guest lecturers, symposia, and workshops.

■ **Financial Aid:** Giving to the Alumni Fund helps Yale maintain its need-blind admissions policy, which promises that students will be accepted regardless of financial need. This year, 50% of all undergraduates were awarded some amount of

need-based financial aid. Donations to the Yale Alumni Fund provide many of the term scholarships in financial aid packages and help to soften the rising cost of tuition each year.

■ **Library Collections:** New acquisitions and the conservation of existing collections for Yale's 42 library facilities are among core funding priorities.

■ **Undergraduate Life:** Gifts designated toward this area fund all aspects of extracurricular life at Yale—the arts, residential college activities, volunteer pursuits, publications, and athletics.
