

## 201G-201H REQUEST FOR REVIEW OF FINANCIAL AID AWARD

If your family's financial situation changes significantly after your application for financial aid, you or your parent(s) may request a review of your financial aid award.

Examples of situations that we review include extended unemployment (10 weeks or longer), extraordinary uninsured medical expenses, and changes in family size or sibling educational costs. Also, if there is additional information that you did not indicate in the application process that you would like us to consider, you can include it in this review request. Use this Review Form only if you find that the total financial aid offered you, including scholarship and the loan/job eligibility, is insufficient to assist you in covering your educational costs.

In order for us to adjust your financial aid award, you must demonstrate how the information might affect your family's ability to contribute toward your educational costs. You must also attach any applicable documentation that substantiates and explains the circumstances that you are presenting. If you are unsure of how to complete this form, contact us at the above phone number or e-mail.
