Dear Dean Miller:

The *Report of the Task Force on Sexual Misconduct Education and Prevention* that you issued in December 2010 is a critical component for effecting change and complements the Women Faculty Forum's *Report on Sexual Misconduct at Yale*. Both discipline and prevention are essential to gender equity on college campuses. We have observed your genuine understanding of the complex issues involved in sexual misconduct, and we are confident that you are deeply committed to this work. We are glad that you are at the helm of the College. As you wrote in your letter of April 6 to the Yale College Faculty, more can be done on these important issues and we look forward to working with you and others in the University towards this end.

Sincerely,

Shirley McCarthy, MD, PhD
